

Introduction to Immuno-Chile 2023

	Faculty Lecture Title	Module Title
Marjorie De la Fuente	Macrophages	Gut Mucosal Immunity
Klaas Nico Faber	Fibroblast	
Gustavo Monasterio	The GI tract	
Kathy McKoy	Early Life Microbiota and Immune Development	
Gabriel Nuñez	Host-microbiome in health	The Microbiome
Kathy McCoy	Microbiota and type 2 immunity	
Gabriel Nuñez	Host-microbiome in disease	
Rodrigo Pacheco	Gut microbiota & lymphocyte neuroimmune response	
Marcela Hermoso	Inflammation & IBD	Gut Inflammation
Guillermo Docena	Gut Inflammation in food allergy	
Caroll Beltrán	Gut-Brain axis and low-grade inflammation	
Clive Gray	HIV Gut mucosal response	Viral Infections and Mucosal Immunity
Katharina Lahl	Viral infections	
Glauben Landskron	Colorectal Cancer	Colorectal Cancer
Eduardo Villablanca	Mucosal healing & CRC	

	Faculty Lecture Title	Module Title
Renata Curciarello	Fibrosis & IBD	<u>Inflammatory Bowel Disease</u>
Rachel Letelier	Mineralocorticoid receptor in IBD-Intestinal fibrosis.	
Gustavo Monasterio	IBD - Organoids/Spatial proteogenomics	
Gloria Vasquez	Translational Immunology-IBD	
Klaas Nico Faber	Experimental models	
Yanet Valdez /Cecilia Hidalgo	Gender equity in Science	<u>Equity, Diversity, Inclusion in Academia</u>
Clive Gray	Grant Writing	<u>Grant Writing</u>
